

Keystone Underwriting Pty Ltd Vulnerable Customer Policy

How we Support Customers Experiencing Vulnerability

We are committed to taking extra care with persons who experience vulnerability in relation to retail insurance (see definition section below).

We recognise that a person's vulnerabilities can give rise to unique needs, and that their needs can change over time and in response to particular situations. A person's vulnerability may be due to a range of factors such as:

- age;
- disability;
- mental health conditions;
- physical health conditions;
- family violence;
- language barriers;
- literacy barriers;
- cultural background;
- Aboriginal or Torres Strait Islander status;
- remote location; or
- financial distress.

We encourage you to tell us about your vulnerability so that we can work with you to arrange support — otherwise, there is a risk that we may not find out about it.

You can contact us on 1300 946 530 or at admin@ksua.com.au

We value the protection of your privacy. Please refer to our Privacy Policy for details on how we deal with and manage personal information.

If you are experiencing **financial hardship** contact us on 1300 946 530 or at admin@ksua.com.au to find out about the support we can provide to you. We have policies and training for employees to help them identify if you are experiencing **financial hardship** and decide how we may be able to provide support to you. This can include fast-tracking claims if you have an urgent financial need, payment options for your claims excess, or putting on hold an action to recover an amount from you if we identify you are experiencing financial hardship.

We can provide you with support if you are affected by family violence. See the following: <https://www.keystoneunderwriting.com.au/wp-content/uploads/2020/07/Keystone-Family-Violence-Policy-July-2020.pdf> We are also committed to treating people with past or current **mental health conditions** fairly. We have a program designed to drive and improve employee awareness and have tailored our products and services in accordance with anti-discrimination laws regarding mental health.
